

LAND·SIM

TRAINING COURSE

Lecture 1 Introduction

Lecture 2 Fundamentals & Guidance

Model Demonstration

Lecture 3 Uncertainty and PDFs

Workshop 1 Developing PDFs

Workshop 1 Discussion of Answers

Lecture 4 Results & Graphing Options

Workshop 2 Drainage System Simulation

Lecture 5 Hydraulics & Contaminant Migration Theory

Workshop 3 Landfill Hydraulics

Lecture 6 Strategy for Model Development

Lecture 7 Checks and Pitfalls

Workshop 4 Contaminant Transport Model

Workshop 5 Reviewing a Model
